Hi Rob,

Attached please find Towill's field survey plan for the field work they're scheduled to start next week (January 25th). Please reply all to this email with any comments you have, so Towill receives your comments directly and can address any questions/concerns you have. I've also attached 3 .kmz files from Towill that can be viewed in Google Earth.

As we discussed during the call, once Towill receives your approval on this plan, they will be cleared to start field activities since we also have an approved QAPP in place.

Thanks, all!

Sarah Yates
